Re: Application EBR 011-2864/ MNR INST 19/11

Dear Mr. Laing,

Please accept this letter as my formal objection to the Highland Companies' proposed quarry in the Township of Melancthon. I object to the granting of a licence under the Aggregate Resources Act to the proponent because no sufficient risk analysis exists that can evaluate the magnitude of the proposal and its implications and give legitimate authority to permit the proponent's permanent, irreversible scheme. I reserve the right to add to my objection in the future and to be included as an interested party in all aspects of the noted application.

Sincerely yours,

Rob Uffen
